Read the New Testament in 2021 Bible Reading Plan

Read the New Testament in one year by reading five chapters each week.

Reading only 5 chapters from the New Testament each week allows time to read and study without being rushed. The slower pace of this plan allows you the time to dig deep, meditate on the scriptures, study, pray...

This plan has one chapter to read from the New Testament each weekday of the year.

There is one exception to this - when reading the single chapter of Philemon is combined with reading of the last chapter of Titus

Selected Psalms or Proverbs are optional readings for the weekends.

You can easily adapt the plan to suit your own schedule or needs if desired.

A special feature of this plan is reading the Gospels through the year instead of reading them one after the other.
